Terms of Deposit and Sale:

1. Seller represents and warrants that the Ragdoll is in good health to the best of our knowledge. Within 72 hours of receipt of kitten, Buyer may, at his/her option and sole expense, have said Ragdoll examined by a licensed veterinarian. If such veterinarian certifies to Seller within twenty-four hours of such examination that the examination revealed any defect in health of said Ragdoll, Seller shall, upon return of the Ragdoll in same condition to Seller, provide Buyer with a full refund. Upon no condition shall Seller be responsible for payment of any medical treatment of said Ragdoll by the Buyer.
2. Seller will not be held responsible for any type of common feline infections known to affect cats beyond the seventy- two-hour health guarantee.
3. Seller guarantees the Ragdoll does not have FELV or FIV at the time of pickup, delivery or shipment.
4. Seller agrees to replace the Ragdoll with another pet quality Ragdoll, though not necessarily the same age, color, or pattern as the original Ragdoll, if within two years from the Ragdoll's date of birth, said Ragdoll is found to have any hereditary or congenital defects which caused the death of said Ragdoll, and is demonstrated and confirmed beyond any reasonable doubt by a written necropsy report, performed and signed by a licensed Board Certified Veterinary Pathologist, and provided to Seller.

5. Seller does not vaccinate for Feline Leukemia (FELV), Feline Aids or FIP (Feline Infectious Peritonitis) and accepts no responsibility for a negative outcome should Buyer vaccinate for these diseases and if given at any time, will null and void any and all health guarantees. Buyer also agrees that multiple vaccines will NOT be given at one time and if so, all guarantees are null and void. This also means that Buyer will not have kitten vaccinated a fourth time upon receipt of said kitten. The kitten has received three vaccinations prior to purchase and there is no need for a fourth during his or her first year. If the buyer opts for a fourth vaccine upon the recommendation of a vet, then the two-year health warranty will be null and void. It is not necessary for the kitten to receive more than three of the same vaccine (Too much of a good thing is not a good thing).
6. Buyer will at no time allow the Ragdoll out of doors unattended and without suitable control – that is, a secure, safe enclosure with protection from the elements, predators, and other cats.
7. Buyer agrees that the Ragdoll will **NOT** be declawed.
8. Seller will provide registration papers immediately upon receipt from **TICA**.
9. This agreement is made in the State of Georgia and is subject to the laws of this state. Transportation of kitten to another state or country is for the convenience of the purchaser. It is agreed that the laws of any other state or country have no authority on this transaction.

Deposit may be refunded in full and sale cancelled by **Redi Freddie** Ragdolls for any reason.
